Education

Manav Rachna International Institute Of Research And Studies

Aug. 2023 – Aug. 2027

Bachelor of Technology, Computer Science Engineering

Haryana, India

Kendriya Vidyalaya Tughlakabad AFS

July 2023

Higher Secondary School - 12th CBSE

New Delhi, India

Relevant Coursework

- Data Structures
- Algorithms Analysis
- Artificial Intelligence
- Systems Programming
- Software Methodology
- Database Management
- Internet Technology
- Computer Architecture

Projects

Personal Portfolio | *React.js, GASP,*

April 2026

- Developed a responsive personal portfolio website using React.js to showcase projects, skills, and achievements.
- Used GSAP animations to create smooth transitions, scroll effects, and interactive UI elements for better user experience.
- Added sections like Home, About, Skills, Projects, and Contact with smooth scrolling navigation.
- Used Git and GitHub for version control and project deployment.

Basic Calculator Web App | *HTML, CSS, Javascript*

June 2025

- Developed a responsive calculator web application using HTML, CSS, and JavaScript for performing basic arithmetic operations.
- Designed an interactive and user-friendly interface with custom CSS styling for better user experience.
- Deployed the project online using Netlify and managed source code with Git and GitHub.

Certifications

Gemini Certified University Student | *API Integration, Google AI Studio,*

December 2025

- * I learned basics of Generative AI and prompt engineering.
- * I gained understanding of responsible AI usage and modern AI workflows

Multilingual AI Speech App Development | *Google AI Studio, Gemini API*

May 2026

- * Learned AI app development, prompt engineering, Gemini API integration, and deployment using Google AI Studio.
- * Learned speech recognition, multilingual AI interaction, and AI-based voice application development..

Blockchain | *Blockchain, Cryptocontract*

May 2026

- * Learned blockchain fundamentals, smart contracts, and decentralized application concepts..
- * Gained understanding of blockchain security, transparency, digital transactions, and real-world blockchain use cases.

Technical Skills

Languages: Python, C/C++, HTML/CSS, JavaScript

Developer Tools: VS Code, Git, Github,

Frameworks: React, Node.js, Tailwind,

Libraries: Pandas, NumPy, Matplotlib,

Databases: MongoDB, MySQL,

Professional Skills

Leadership

Teamwork And Collaboration

Problem Solving

Communication Skills

Adaptability

Time Management
